

I am writing to tell you how important K-Love is to my family. We do not listen to any other radio station because other stations have songs I do not approve of. I especially don't want my children (or myself) to be subjected to the commercials. K-Love does not play commercials and I never have to worry that my children will hear something I don't want them to hear. I know a lot of people who listen to K-Love and it would be a disservice to all of us if you take K-Love off the air. There are very few stations that the family can listen to and K-Love fills this void extremely well. Thank you for your consideration in this important matter. Joyce Wagner
